Welcome back

Gratitude

Optimism

Welcome to Summer Term 2020

A little bit different to the normal start to term, but we are going to try our best to make home learning great for a little while longer.

You are living in a time the future will call, history.

At the start of every term I remind you of a few things – these are all useful for home too...

Our Golden Standards

- ❖ We act with kindness and politeness and show consideration towards others.
- ❖ We listen to the thoughts of others and act with empathy.
- ❖ We show honesty and courage.
- ❖ We respect our own and other people's belongings.
- ❖ We co-operate with others and show compassion to their feelings.
- ❖ We are passionate learners.

- Be kind to your parents, many of them aren't teachers and some won't have been to school for a long time (!!!) They will be learning with you.
- If it feels like hard work, it probably is! It's ok to find something tricky or make a mistake – email your teacher and they will help. It shows courage to ask for help
- Try your best – show the passion for learning we see in school.

are kind

spread
happiness
say nice things

are caring

Bucket Fillers

show respect

pass on a smile

Character strengths

Communicating

Confidence

Perseverance*

Cooperation

Self-esteem

Consideration*

Honesty

Questioning*

Try to write or draw three things you are grateful for every day this week. It could be something like ...

The sun was shining.

My delicious dinner.

My Mum helping me with my school work.

My teacher answering my question

I was able to speak to my Nana on Facetime
