

Subject	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1	Summer Term 2
History		<p>Big Question: What did the ancient Greeks contribute to the world, and how does their culture and ideas continue to influence us today?</p> <p style="text-align: center;">Ancient Greece</p> <p style="text-align: center;">NC: Ancient Greece – a study of Greek life and achievements and their influence on the western world</p> 		<p>Big Question: What can we learn from ancient Egypt and its fascinating civilization, how did their achievements impact their daily lives?</p> <p style="text-align: center;">Ancient Egypt</p> <p style="text-align: center;">NC: The achievements of the earliest civilizations – an overview of where and when the first civilizations appeared: An in-depth study of Ancient Egypt</p> 		<p>Big Question: What was life like in ancient Rome, and how did the Romans live, work, and have fun in their daily lives?</p> <p style="text-align: center;">Ancient Rome</p> <p style="text-align: center;">NC: The Roman Empire and its impact on Britain</p> 
Geography	<p>Big Question: How can we use maps to explore the town of Melton Mowbray, and what interesting places and landmarks can we discover within our local community?</p> <p style="text-align: center;">Spatial Sense</p> <p style="text-align: center;">NC: Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time</p>		<p>Big Question: What makes London and the South East of England special, and what landmarks, attractions, and characteristics can we discover and explore in this region?</p> <p style="text-align: center;">London and the South East</p> <p style="text-align: center;">NC: Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand</p>		<p>Big Question: What are some of the tallest and most famous mountains in the world, and what interesting facts can we learn about them?</p> <p style="text-align: center;">Link: Mountains,</p> <p style="text-align: center;">NC: Physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle</p>	

Identify the position and significance of latitude, longitude, Equator, Northern/Southern Hemisphere.

how some of these aspects have changed over time

Science

Big Question: How does our body use nutrients from food to keep us healthy, and what happens during the digestion process to break down food?

The Human Body

NC:
Animals Including Humans
Describe the simple functions of the basic parts of the digestive system in humans
Identify the different types of teeth in humans and their simple functions

Big Question: How do scientists classify animals into different groups, and what are some of the characteristics that help us identify and categorize them?

Classification of Animals

NC:
Living things and their Habitats
Recognise that living things can be grouped in a variety of ways.
Explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment.

Big Question: What are rocks made of, and how do they form? What can we learn from studying different types of rocks and their uses in our everyday lives?

Rocks

NC:
Rocks
Compare and group together different kinds of rocks on the basis of their appearance and simple physical properties
Describe in simple terms how fossils are formed when things that have lived are trapped within rock
Recognise that soils are made from rocks and organic matter.

Big Question: What are everyday materials, and how do their properties and uses help us in our daily lives?"

Materials

NC:
Properties and Changes of Materials
Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets
Know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution
Use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating
Give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic
Demonstrate that dissolving, mixing and changes of state are reversible changes

Big Question: What is the water cycle, and how does it work to continuously recycle water on Earth, providing us with the water we need to drink and supporting life on our planet?"

The Water Cycle

NC:
States of Matter
Compare and group materials together, according to whether they are solids, liquids or gases • observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)
Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature

Art

Big Question: What can we learn about ancient Greek culture and storytelling from studying their beautifully decorated pottery?

Topic: Ancient Greece

Artist:

Area: 3D, Sketchbooks and Knowledge

Movement:

Artwork: Ancient Greek Pots

Big Question: How does the art of ancient Egypt and Damien Hirst explore the concept of life and mortality in different ways?

Topic: Ancient Egypt

Artist: Damien Hirst

Area: Drawing

Sketchbooks and Knowledge

Movement; Young British Artists

Artwork: For the Love of God 2007

Big Question: What can we discover about the links between Roman mosaics and street artist Invader's work

Topic: The Romans/Invader

Artist: Various Roman Mosaics

Area: Mosaic

Artwork: Various Roman Mosaics with a focus on the Rutland Villa Mosaic/Link to street artist Invader

Various dates throughout Roman Era

Design and Technology

Big Question: How can we use our creativity and knowledge of healthy ingredients to design and make a delicious and nutritious pitta bread sandwich for Samworth Factory in Melton.

Food:

Big Question: How can we design and create a pop-up book about London, showcasing its famous landmarks using our artistic skills and imagination?

Mechanical Systems:

Levers and Linkages

Big Question: How can we design and create a working torch that helps us explore and discover new things in the dark?

Electrical Systems:
Simple Circuits and Switches

	<p>Healthy Varied Diet</p> <p>Product: Design and make a healthy pitta bread sandwich (Link to Local Samworth Factory)</p>		<p>Product: Design and make a pop up book about London.</p>		<p>Product: Design and make a torch torch to be used when exploring</p>
